Public Safety Realignment: Post-Release Community Supervision

AB 109, 2011 Public Safety Realignment, provides that the Board of Supervisors shall designate the agency to assume responsibility over post-release community supervision (parole functions). The Sheriff has expressed his interest in assuming this responsibility and provided a proposal to the Board. This is a major component of the realignment and a decision by our Board will give our criminal justice agencies the direction necessary to begin their critical work on the realignment implementation plan and recommendations.

I, THEREFORE, MOVE that the Board of Supervisors:

1. Direct the Executive Office to place a set item for the Board's June 14 meeting at 2:30 p.m., regarding AB 109, specifically the portion of the law that calls for the Board to designate a County agency to assume responsibility over post-release community supervision;
2. Request the presence of the Sheriff and the Chief Probation Officer and presentation of their respective proposals and recommendations;
3. Direct County Counsel and the Chief Executive Officer to provide a legal analysis/opinion and fiscal analysis, respectively, to the Board by June 10; and,
4. Direct County Counsel to issue a separate legal analysis (also due by June 10) on the concerns of immunity, pertaining to the Sheriff and the Chief Probation Officer, that have been raised by the District Attorney, including a summary of the efforts in response to said concerns.
